

● Safety Instructions - Reception Desk

Form: Environment, Health & Safety

- Visitors are not allowed to enter the premises of Bruker BioSpin without prior registration.
- Visitors register at a reception desk and will receive a visitor badge there.
- Visitors are requested to wait at the reception desk until a Bruker employee picks them up or until further instructions have been given.
- Some areas at Bruker BioSpin have special access restrictions. Visitors may only enter these areas when accompanied by a qualified Bruker employee and after appropriate security procedures have been explained.
- Instructions given by Bruker personnel must be followed! Please also observe displayed emergency plans.
- Please observe warning and safety signs indicating strong magnetic fields!
- Persons from any **group of people at particular risk**, such as pregnant women may not enter any EMF-critical premises of Bruker BioSpin!
- In the entire Bruker premises it is not permitted to take photographs or video-recordings!
- Please ask at the reception for a safe storage location of your valuables.
- Before leaving Bruker BioSpin please return your visitor badge at the reception desk.

Please note the following safety signs:

Warning sign:
Strong magnetic fields

Warning sign:
**High Frequency Field
Non ionizing radiation**

No access for persons with metallic IMPLANTS or other metal objects in the body, like splinters.

No access for persons with active implants like: CARDIAC PACEMAKERS, defibrillators, hearing aids, insulin pumps, medication dosage devices, etc.

Do not enter when carrying data devices. Credit cards, identity cards with magnetic strips, magnetic tapes or hard disc drives may be destroyed.

Do not enter when carrying metal parts, such as watches, coins, pens, mobile phones, keys, notebook/computers etc.
