

Wyko NT Series Trade-In Program

Trusted Metrology, High-Fidelity Imaging, Clearest Results

Trade in your Wyko NT series metrology system and get a significant discount on a new Bruker Contour Elite™ 3D optical system!

Save money by re-using your current objectives:

- Send in your old objectives to be reconditioned, realigned, refocused and installed on your new system at the factory
- All standard objectives (2.5X, 5X, 10X, 20X and 50X) are compatible with new Contour Elite systems
- For specialty objectives, contact your Bruker representative at productinfo@bruker.com

Expand your measurement and imaging capabilities:

- Reliable measurement data enhanced by high-fidelity imaging
- Simple and intuitive operation for exceptional ease of use
- High-fidelity imaging to see what you measure
- Faster solutions to complex research and production challenges

Offer expires June 30, 2016
