

Bruker Nordic MS Update 2021 - Products, Applications and Customer Insights

Webinars Proteomics, Metabolomics, Imaging & Applied
April 21, 22, 26, June 8, 2021, 09:00 - 12:00 am CET

Proteomics Session, April 26, 2021, 09.00 - 12.00 CET

Program:

- | | |
|---------------|---|
| 09:00 - 09:15 | Welcome and Introduction
Patrik Ek, Bruker Nordic |
| 09:15 - 09:45 | What's new in Proteomics
Dr. Christina Bell, Bruker Daltonik GmbH |
| 09:45 - 10:30 | True Single-cell Proteomics and Ultra-high Sensitivity Applications on a Trapped Ion Mobility Mass Spectrometer
Andreas-David Brunner, Ph.D. student at research group of Prof. Matthias Mann at the Max Planck Institute of Biochemistry, Martinsried, Germany |
| 10:30 - 11:00 | Immuno-peptidomics on the Tims-TOF Pro
Rui Branca, Ph.D., Karolinska Institute, Department of Oncology-Pathology, Solna, Sweden |
| 11:00 - 11:30 | Introduction to National network of Advanced Proteomics Infrastructure and first impressions on timsTOF fleX in a clinical setting
Tuula Nyman, Ph.D., Oslo University Hospital Rikshospitalet, Department of Immunology, Oslo, Norway |
| 11:30 - 12:00 | Meet the Experts |

For Research Use Only. Not for Use in Clinical Diagnostic Procedures.
