

Bruker Nordic MS Update 2021 - Products, Applications and Customer Insights

Webinars Proteomics, Metabolomics, Imaging & Applied
April 21, 22, 26, June 8, 2021, 09:00 - 12:00 am CET

Metabolomics/Lipidomics/Small Molecules Session, April 21, 2021, 09.00 - 12.00 CET

Program:

- | | |
|---------------|--|
| 09:00 - 09:15 | Welcome and Introduction
Patrik Ek, Bruker Nordic |
| 09:15 - 09:45 | What's new in Metabolomics
Dr. Sven Meyer, Bruker Daltonik GmbH |
| 09:45 - 10:15 | Trapped Ion Mobility Spectrometry and PASEF Applications for Clinical Lipidomics
Karolina Sulek, Ph.D., Steno Diabetes Center Copenhagen, Systems Medicine, Gentofte, Denmark |
| 10:15 - 10:45 | Developing the next generation metabolomics tools for personalized diagnostics in early life
Madeleine Ernst, Ph.D., Statens Serum Institut, Section for Clinical Mass Spectrometry, Copenhagen, Denmark |
| 10:45 - 11:15 | MRMS aXelerate for rapid chemical fingerprinting of natural extracts and related complex mixtures
Prof. Janne Jänis, University of Eastern Finland, Department of Chemistry, Joensuu, Finland |
| 11:15 - 11:45 | Live demo of MetaboScape® Software
Dr. Sven Meyer, Bruker Daltonik GmbH |
| 11:45 - 12:00 | Meet the Experts |

For Research Use Only. Not for Use in Clinical Diagnostic Procedures.
