

# eXceed Event: User Meeting

## Sharing user stories

### Bruker Life Sciences Mass Spectrometry

## Agenda

### Virtual User and Applications Meeting, Day 3: MALDI Imaging Session February 21, 2024

- 09:30 - 10:00**      **Intro and MALDI Imaging Update**  
Björn Wendik, Ph.D., Business Development Manager MALDI Imaging, Bruker Daltonics, Germany
- 10:00 - 10:30**      **Multimodal chemical imaging using spectroscopy and mass spectrometry**  
Uwe Karst, Ph.D., Chair of Analytical Chemistry, University of Münster, Institute of Inorganic and Analytical Chemistry, Germany
- 10:30 - 11:00**      **Simultaneous detection of over hundreds protein markers by MALDI-IHC: what have we learned so far**  
Mengze Zhang, Ph.D. student, University of Zurich, Department of Quantitative Biomedicine, Bodenmiller lab, Switzerland
- 11:00 - 11:10**      **Break**
- 11:10 - 11:40**      **MALDI MSI - Applications in Pathology**  
Kristina Schwamborn, Ph.D., Head of Mass Spectrometry Imaging (MSI) lab, Technical University Munich, Institute of Pathology, Germany
- 11:40 - 12:10**      **MALDI Imaging based spatial multi-omics for uncovering novel biomedical perspectives in rare cancers**  
Melanie Föll, Ph.D., Junior research group, University Medical Center Freiburg, Institute of Surgical Pathology, Germany
- 12:10 - 12:30**      **Meet the Experts**  
Andras Kiss, Ph.D., Field Application Support Engineer, Bruker Austria, Austria  
Corinna Henkel, Ph.D., Application Specialist MALDI Imaging, Bruker Daltonics, Germany
