

Bruker Symposium at ECCMID 2024

Changing Microbiology with Modern Methods from Spectroscopy and Molecular Biology

Saturday 27 April 2024 at 4:00 - 5:30 pm, Hall M

Innovation with Integrity

04:00 PM

Welcome and Introduction

Dr. Elena De Carolis, Fondazione Policlinico Gemelli, Scienze di Laboratorio e Infettivologiche, Rome, Italy
Dr. Markus Kostrzewa, Bruker Microbiology & Infection Diagnostics, Bremen, Germany

04:06 PM

Implementing molecular panel testing for stool diagnostics: preliminary insights

Dr. Martin Koepfel, Microbiology Department Labor Staber, Munich, Germany

04:33 PM

Solutions for hospital hygiene: application of Fourier Transform Infrared (FTIR) spectroscopy

David Rodríguez-Temporal, PhD., Servicio de Microbiología Clínica y Enfermedades Infecciosas
Hospital Gregorio Marañón, Madrid, Spain

05:00 PM

Theyeasts.org, a website for polyphasic identification, clustering, deposit, edition and display of all known yeasts

Dr. Andrey Yurkov, Leibniz Institute DSMZ-German Collection of Microorganisms and
Cell Cultures GmbH, Braunschweig, Germany

05:27 PM
