Breakfast Workshop Agenda

Rapid and Dynamic Quantitative Screening of Synthetic Cannabinoids with DART-MS Analysis: A Collaborative Case Study

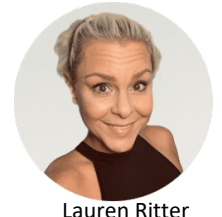

Wednesday, June 5, 2024, 7:00 am PST
Anaheim Convention Center
800 W Katella Ave, Anaheim, CA, USA
Room: 210D

Terry Bates, Bruker

Alex Maggitti
DrugScan

Lauren Ritter
DrugScan

- | | |
|---------|--|
| 7:00 am | Introduction
Terry Bates, Application Specialist, Bruker Applied Mass Spectrometry, MA, USA |
| 7:10 am | The Search for a Rapid Screening Approach for Synthetic Cannabinoids
Alex Maggitti, Sr. Clinical Development Scientist, DrugScan Inc, PA, USA |
| 7:20 am | Direct Analysis in Real Time- Mass Spectrometry (DART-MS): The Fundamentals
Terry Bates, Application Specialist, Bruker Applied Mass Spectrometry, MA, USA |
| 7:35 am | The Case for DART-MS Analysis: A Financial Perspective
Lauren Ritter, Director, Laboratory Operations, DrugScan, PA, USA |
| 7:45 am | Method Development and Cross Correlation Study of DART-MS for Quantitative Screening
Alex Maggitti, Senior Clinical Development Scientist, DrugScan Inc, Pennsylvania, USA
Terry Bates, Application Specialist, Bruker Applied Mass Spectrometry, MA, USA |
| 8:00 am | Q&A with the speakers |
| 8:10 am | Close of Breakfast Workshop |
